Reverse Osmosis Element

New life with NEWater

Specifications *

- Tap Water Membrane
- 80 GPD (Made in USA)
- Works from 0 to 2000 TDS
- 90 to 95% rejection of TDS
- Spiral Wound Design for superior membrane flux

*conditions apply

AWS Membranes

Reverse Osmosis Element

**World
Best
Membrane**

Membrane Specifications*

- Brackish Water Membrane
- 75 GPD (Made in USA)
- More than 2.5 years life
- 90 to 95% rejection of TDS
- Spiral Wound Design for superior membrane flux
- Thin-Film Composite provides exceptional TDS rejection
- Revolutionary high active membrane surface area
- Tolerance to a wide range of operation conditions 0 to 4500 TDS

*conditions apply
